

Pasty Fly-In De-Brief

An ENORMOUS THANK YOU to the team for your support and hard work at our Pasty Fly-In on Saturday 20th April.

We had 79 visiting aircraft, several classic cars, The Cornwall Air Ambulance and their team, oodles of people and a Flying Flea from Paris making this one of the busiest events we have ever had at Bodmin Airfield.

Aerial shot taken by Andy Amor as the day was developing.

The main core of our team worked relentlessly for the whole day with little time off and for this I am extremely grateful. As a team you appreciated the need to stick to your post regardless and not to leave that post without contacting either our chief marshal John Colgate or myself as organiser . As we were down on numbers needed to manage such a large event I appreciated the loyalty and resilience and your communication which really helped us to manage. We also had the extra bonus of 12 Air Cadets and they did a marvellous job wherever they were tasked.

Many thanks to you all.
